Authorized Manager

About

It is antiquity since Iraq have made use of the God's blessings such as tremendous resources and its strategic location to assume an international status as well as a popular destination for international investments. Iraqi government has provided development plans for the achievement of the highest possible levels by taking advantage of the growing construction and development process.

Like other emerging constructions companies, (Anwar Alhuja) Construction Company is benefiting from this economic growth and favourable construction movement. We contribute to moving forward the construction wheel by developing different construction plans and diversification in government and private projects in order to meet local construction market demands. Furthermore, we provide job opportunities to the youth of the country and building professional cadre in addition to achieving the higher goal of the development plans. This has been our objective since the establishment of the company in Basra and we have strived to extend our projects to other cities in Iraq.

One of major strategic is continuously train our engineers and staff for new technology programs that keeps us updating on the latest requirement of innovation for a successful services.

Company's Policy

Working with (Anwar Alhuja) Construction Company is an enriching experience on a professional level. The major challenges that we face in achieving our vision as a company further enriches the work experience. One thing that makes it easier to overcome these challenges successfully is the team spirit enjoyed by members of our company.

As a group, our company focuses on achieving its vision through a combination of experienced professional skills with a sense of initiative that creates a highly skilled team that can deliver competently and professionally. This helps us to reach the desired degree of satisfaction which is one of our most important policies.

As a team, we adhere to the five values which we have found to be the ideal method to achieve our goals and objectives. We consider these values as the most important administrative improvements that we adhere to. We always strive to achieve the maximum we can to realize the company's vision as well as the satisfaction of our valued customers

Our Vision , Mission & Our Value

Vision

(Anwar Alhuja) for General Trade aims to construct and equip more projects that will improve and contribute to the development of its surrounding area where (Anwar Alhuja) operates. We also aim to continue nurturing our excellent business relationships with local and international companies and expand these relationships by preparing more projects successfully.

Our future vision includes expanding our relationships and business transactions locally and globally with current and new partners. Those expansions will allow (Anwar Alhuja) to prosper and achieve further success.

Mission

The company aims to maintain its successful business relationships with other business clients and acquaintances by providing them with high-end equipment that serves their needs to ensure successful results and prosperity to all parties.

We are providing a successful example of professional trading and business transactions that will ensure the success and prosperity to all parties involved.

To build the future through the masterminds of the group's professional personnel by mixing the past with the present and achieving its goal through its participation & involvement in highly important projects,

VALUE

EXCELLENCE

We are in a hazardous business, and are committed to excellence through the systematic and disciplined management of our operations. We follow and uphold the rules and standards we set for our company. We commit to quality outcomes, have a thirst to learn, and to improve. If something is not right, we correct it.

RESPECT

We respect the world in which we operate. It begins with compliance with laws and regulations. We hold ourselves to the highest ethical standards and behave in ways that earn the trust of others.

ONE TEAM

Whatever the strength of the individual, we will accomplish more together. We put the team ahead of our personal success and commit to building its capability. We trust each other to deliver on our respective obligations.

COURAGE

What we do is rarely easy. Achieving the best outcomes often requires the courage to face difficulty, to speak up and stand by what we believe. We always strive to do the right thing. We explore new ways of thinking and are unafraid to ask for help.

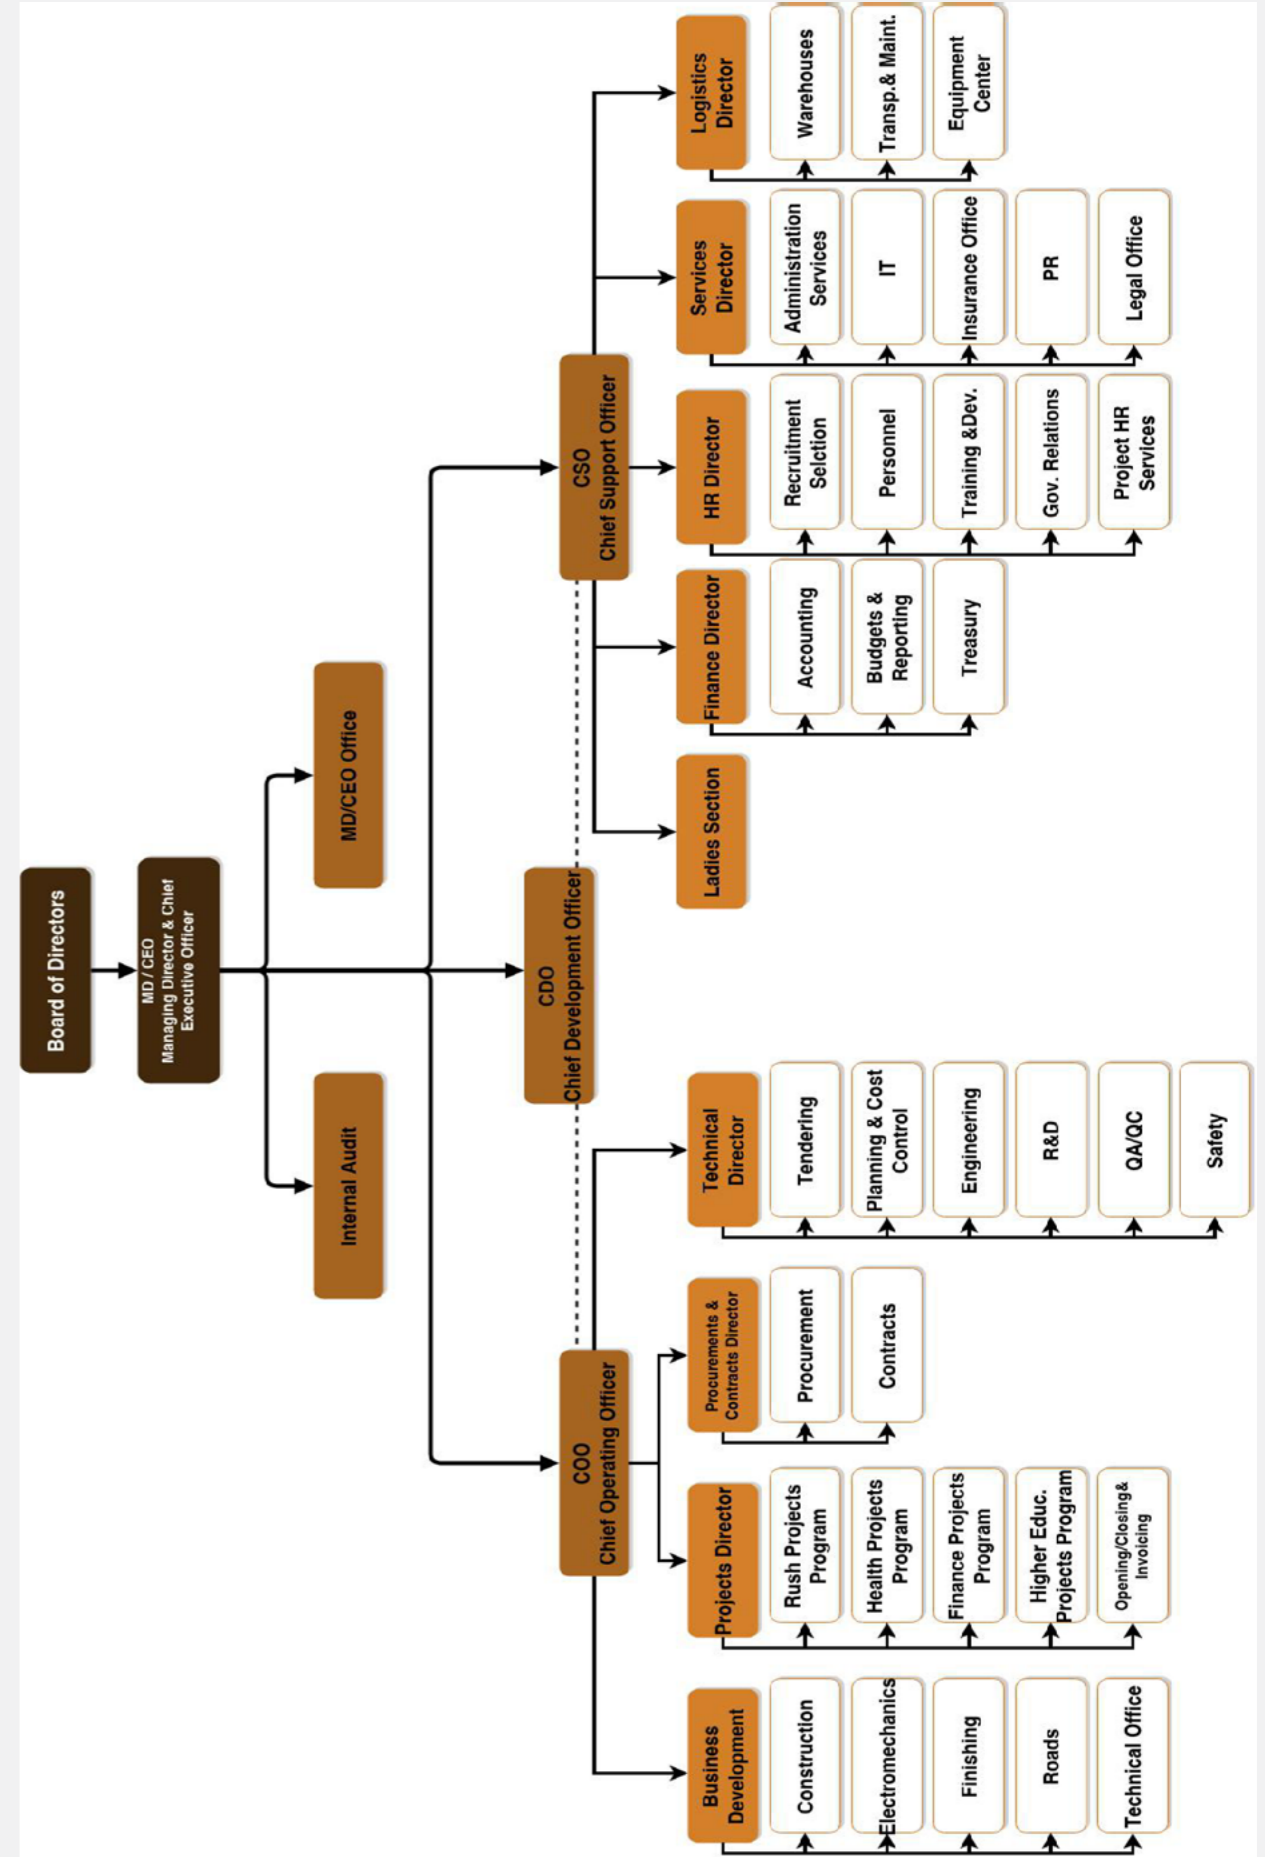

Our Team

(Anwar Alhuja) has its own work forces to perform the majority of work. We have available sufficient heavy equipment to perform all utility and the site development work for the typical construction project. With respect to building construction, our own work forces have the ability to perform all earth work, concrete work, steel erection, carpentry, drywall and other works, related to our services. Our team has also specialists in installation of specialty products, equipment and heavy machinery mechanics, as well as catering specialists. It is our philosophy that we are better able to manage the construction process, affect efficient construction costs and maintain and expedite the construction schedule by performing large portions of the work with our own equipment and personnel.

Organizational Chart

Capacity

Heavy Equipments Department

It is not a secret, that without proper machinery and equipment most of projects would be impossible to execute. That is why Anwar Alhuja gives special consideration to machinery, vehicles and equipments. We use our extensive line of tools and resources which helps us to provide our clients with a cost effective and efficient solution.

Anwar Alhuja also provides a great variety of heavy machinery, equipment, as well as materials. Some of the machinery we offer is listed in the table.
